

IN THE SPECIFICATION

Please amend the paragraph at page 2, line 27 - page 3, line 6, as follows:

According to a first aspect of the present invention, there is provided a remote control terminal which comprises: a service manager for managing predetermined services; input means for selecting [[of]] services [[the]] provided from service manager; obtaining means for obtaining information corresponding to a service selected by the input means from the service manager; and displaying means for displaying the information corresponding to the service obtained by the obtaining means.

Please amend the paragraph at page 3, line 20 - page 3, line 25, as follows:

In the third aspect of the present invention, the remote control terminal works as a telephone. [[The]] A remote control terminal[[,]] terminal is provided in each [[of the]] guest ~~rooms~~ room of a hotel, where it functions each-work as a telephone. In this case, each of the remote control terminals enables guests of the guest rooms to communicate with each other.
